VISION & MISSION OF THE UNIVERSITY

VISION
The University of Lahore aspires to become a nationally and internationally recognized university that distinguishes itself as an imbedding center for outstanding ethical and moral values, teaching quality, learning outcomes, and richness of the student experience. The University of Lahore envisions a transformative impact on society through its continual innovation in education, creativity, research, and entrepreneurship.

MISSION
The University of Lahore represents excellence in teaching, research, scholarship, creativity, and engagement. Its mission is to produce professionals outfitted with highest standards in creativity, transfer and application of knowledge dissemination to address issues of our time. The UOL sculpts its graduates to become future leaders in their fields to inspire the next generation and to advance ideas that benefit the world.
The University of Lahore was established in 1999 with the vision to build a world class prestigious institution offering innovative and high quality education, unique learning environment, state of the art facilities and infrastructure. The University was granted degree awarding status by Government of the Punjab in 2002. Since its inception as Chartered University, dedicated efforts of the Board of Governors, Ibadat Educational Trust, teaching faculty and University management brought it to the level of an internationally recognized university in Pakistan. The University of Lahore has been ranked among the top 550-600 universities of the world and 171-180 in Asian Universities (QS & Times Higher Education Supplement). Moreover regulatory bodies of the Government of Pakistan that is Medical and Dental Council, Pakistan Engineering Council, Pakistan Nursing Council and Pharmacy Council of Pakistan have accredited its professional programs.

I firmly believe that the role of universities in the twenty-first century in Pakistan must respond to phenomenal changes unleashed by rapid advancement in science and technology for the economic development of the country as well as the challenge posed by globalization. We are already visualizing the future of higher education in the next millennium and making efforts for this purpose. I am confident that our University will acquire this prime objective through professional competence, commitment and dedication of the administration and efforts of highly qualified teaching faculty.

The University of Lahore is playing a significant role in the lives of thousands of young students and graduates of Medicine, Dentistry, Engineering, Allied Health Science, Molecular Biology, Biotechnology, Biochemistry, Environmental Science, Business Studies, Information Technology, Computer Sciences, Art and Social Sciences.

I am glad that researchers and scholars of the University are working as a team for contributing towards building up a positive social capital for the benefit of our civil society. This has been possible because our university creates a conducive environment for bringing out the best in an individual.

I welcome knowledge seekers and professionals to experience the enjoyable and congenial learning environment at UOL. I am sure that you will find our programs valuable to you in all your future endeavours.

The University of Lahore believes in delivering excellence in research and learning. Our ability to add to your academic and social skills will allow you to lead in your professional career. We aim to create high-quality graduates who are practically skilled to enter the world of work.

The University of Lahore is recognised as the largest private sector university of Pakistan, and there is no better time to join the university when it is expanding internationally with campuses and networks being developed across the world.

We believe in commercialisation and entrepreneurship and have invested in the establishment of enterprises in order to ensure that our students gain hands-on experience that actually matters for graduating students. Our academic standards are high and we believe in encouraging independent thought driven by creativity and critical insight. You will experience our faculty that is one of the best in Pakistan and believe in research and expression in academic terms.

The experience at a university for a student is not only driven by the excellence in academics and research but the entire experience of being involved in the projects that the university takes on, as well as the experiences that a student gains outside the classroom. We have extensive activities ranging from sports to cultural events, media and society events etc: that keep you engaged and entertained across the year.

The University of Lahore has now expanded internationally with its first move to Uganda providing support to setup a medical school. We believe that internationalisation is an important step towards ensuring that experiences are shared both academically and intellectually. We also have the largest international community in a private sector university with students from 15 different countries currently enrolled with us.

We provide extensive support to our students including preparation for career, mentoring, personal and financial support. Your success at The University of Lahore will be the measure of our success in delivering high quality education. I look forward to welcoming you to The University of Lahore.

M. A. RAOOF
Patron, Board of Governors

AWAIS RAOOF
Chairman, Board of Governors

"A warm welcome to all the students from the largest private sector university of Pakistan."

"We know your time at university shall make your future. Our mission is to help you realize your potential."
The University of Lahore offers you the best training in your chosen field whether you intend to become a teacher or a scientist, a medical doctor or a social worker, technologist or an engineer. At the UoL you will be taught by dedicated professors who are determined that you become a competent professional in order to assume a leadership role with qualities that should distinguish you from any graduate of any other university in the world. We believe that it is not enough that you are equipped with skills to do your duties professionally; you should also stand out among your peers as a professional who has confidence, courage and compassion to lead people in the workplace and the community at large. As a UoL graduate, you will be technologically connected to knowledge through the best available computer networks.

As a UoL graduate, you will be marked by openness to new ideas and being constantly on the lookout for novel ways of doing things. This university is about students, and I will be actively involved in your academic lives. Our student services are attuned to the needs of students, and we will not only teach you but support you, advise you, and direct you during your years of study at this great university. Whatever is the choice of your academic program I hope that you join us and we are sure that you will quickly feel part of our unique Student Community. We take pride in ourselves on being a community where all staff and students are valued. Together we seek both to recognize the vision and achievements of the past and to build imaginatively for the future.

I would like to assure the parents and our prospective students who are thinking to join us that their decision to join UoL will bear desired fruits in times ahead. You will always find the University management, faculty and the administrative staff to assist and guide you, not only during your stay at the campus but even after you have graduated. UOL, also provides opportunities to its own graduates for future employment in the forty educational disciplines on its campus offering many basic and post graduation job opportunities.

Here at the UOL you will discover yourself. You will find us always be your best support in helping you to nurture and prepare you for the exciting future ahead, whether it is in Pakistan or abroad.

PROF. DR. MUJAHID KAMRAN
Rector

The University of Lahore offers you the best training in your chosen field whether you intend to become a teacher or a scientist, a medical doctor or a social worker, technologist or an engineer. At the UoL you will be taught by dedicated professors who are determined that you become a competent professional in order to assume a leadership role with qualities that should distinguish you from any graduate of any other university in the world. We believe that it is not enough that you are equipped with skills to do your duties professionally; you should also stand out among your peers as a professional who has confidence, courage and compassion to lead people in the workplace and the community at large. As a UoL graduate, you will be technologically connected to knowledge through the best available computer networks.

As a UoL graduate, you will be marked by openness to new ideas and being constantly on the lookout for novel ways of doing things. This university is about students, and I will be actively involved in your academic lives. Our student services are attuned to the needs of students, and we will not only teach you but support you, advise you, and direct you during your years of study at this great university. Whatever is the choice of your academic program I hope that you join us and we are sure that you will quickly feel part of our unique Student Community. I would like to assure the parents and our prospective students who are thinking to become the part of UOL family that their decision to join UO will bear desired fruits in times ahead. You will always find the University management, faculty and the administrative staff to assist and guide you, not only during your stay at the campus but even after becoming the proud graduate of UOL.

PROF. DR. SHAHID MAHMUD MALIK
Pro-Rector, Health Sciences

I would like to congratulate you on choosing the University College of Medicine and Dentistry for giving yourself the opportunity to help us prepare not only the humane doctors and Dentists of tomorrow but prepare your academic career to the next level.

These are trending times for the medical institutions in Pakistan. The University College of Medicine and Dentistry is keeping abreast with the global changes in the medical education. It is both an exciting and challenging time for us.

To meet up with the National and International requirements, we are not only constantly evolving our curriculum with the help of dedicated medical professionals but also adding to our team of dedicated and learned teachers.

Like any vibrant campus, The University of Lahore is providing opportunities for its students and graduates an environment that is unmatched in its infrastructure and educational ambiance. You can feel the energy in its campus that spells hope, creativity, responsibility and a glorious future for the students. The campus gives you an opportunity to meet international students from various countries as well.

We are helping our students to develop and mature into responsible citizens and young doctors of tomorrow who have the passion for humanity. The University College of Medicine and Dentistry has covered growth milestones in an unprecedented manner. It employs the most learned and eminent people in its faculty who work with the strengths and weaknesses of all students individually by personal attention and mentoring.

UOL also provides opportunities to its own graduates for future employment in the forty educational disciplines on its campus offering many basic and post graduation job opportunities.

Here at the UOL you will discover yourself. You will find us always be your best support in helping you to nurture and prepare you for the exciting future ahead, whether it is in Pakistan or abroad.
Greetings and welcome to the University College of Medicine & Dentistry at The University of Lahore. Our institute offers education in an ethical and professional environment, ensuring that our students are given state of the art experiences of knowledge, skill and humane attributes. Emphasis is given to educate them according to our own social, cultural and religious context, keeping into consideration the evidence based current practices and problem based learning methodologies. Caution is taken not to adopt student centered approach, but a hybrid model is carved, to address out contextual needs, as most of our students have only twelve years of education, primarily taught through the traditional system. A gradual change in an evolutionary manner is brought in their teaching and learning strategies to bring them in line with international standards, to address the challenges of tomorrow. We take great pride in our young professionals who are being trained and groomed to be clinically competent, morally and ethically sound doctors.

University College of Medicine & Dentistry offers the qualification of Bachelor of Medicine and Surgery along with Bachelor of Dental Surgery at under graduate level recognized by Pakistan Medical & Dental Council and Higher Education Commission. This qualification enables our students to enter any Post Graduate Training within the country or abroad, and prepares them to take fellowship of College of Physicians and Surgeons of Pakistan, USMLE, PLAB, ORE, National Board Examination of North America and fellowship examinations of Royal College of Surgeons at United Kingdom, Australia etc.

The University offers an integrated curriculum in which horizontal and vertical integration of the syllabus is taught through problem based learning and evidence based practices. Student counseling and career path guidance is given for personal and professional growth. College offers Post Graduate programs in various disciplines of Medicine Surgery and Dentistry approved by PM&DC and other regulatory authorities.

The University of Lahore is the largest private sector university in Pakistan with more than 37,000 students and 7 campuses. The University was established in 1999 and has since then been offering courses in the fields of Medicine & Dentistry, Engineering, Arts, Sciences and Social Sciences. With strong emphasis on balanced progress and focus on human capital, the University has grown to 11 faculties and 40 departments.

The quality of the teaching facility and research excellence has also earned its international recognition, placing the university amongst the top 6 first Pakistani Universities to be ranked in the 2012 QS Asia Ranking. The Higher Education Commission (HEC) recognizes the University of Lahore at its highest “W4” category of universities reserved for those institutions that fulfill all criterion of an International Quality University. The University of Lahore has special focus on Professional and Technical Education as it is an instrument of growth & development of any country’s economy. We are proud of the well equipped state of the art labs in the programs of Medicine & Dentistry, Public Health, Electrical Engineering, Civil Engineering, Mechanical Engineering, Pharm-D, Nursing and Law.

Strong linkages with the industry are of paramount importance for any higher education institution and The University of Lahore enjoys excellent links with international universities. We also have a wide range of knowledge sharing and human resource development programs with major multinational organizations. The students at the university can expect excellent internship and skill development programs during the course of their studies.
The University’s Main Campus on Defence Road is built near the prime Defence Road area just 1 KM from Defence Road and consists of a purpose built facility spanning 100 Acres which houses the University College of Medicine & Dentistry, School of Nursing, Faculty of Pharmacy, Lahore Business School, Institute of Molecular Biology and Biotechnology, Faculty of Allied Health Sciences, Faculty of Law and School of Creative Arts.

The Campus on Raiwind Road spans 4 Acres & 7 Kanals and houses the Engineering Technology, Sciences, Social Sciences, Languages faculties and University College of Medicine & Dentistry. The facility features a comprehensive library, a spacious cafeteria and fully equipped laboratories and IT infrastructure.

The Main Campus on Defence Road features a lush green park with fountains and flower gardens and an inner courtyard, which provides ample space for students to rest and recuperate. Additional facilities include a four floor student center, a purpose built library, on premises hostels with concierge, laundry and spacious auditoriums. The premises also encompass three technology parks.

- The Media Technology Park, The Creative Village (A premier facility for professional media content)
- Agri Technology Park
- Biotechnology Park (CRiMM)

An on campus beautiful mosque is an integral part of life for our students faculty and staff members. It is this diversity that makes it such a unique and interesting place to be. We have all the facilities of a modern, well-equipped mosque including separate prayer and washing facilities for male and female. The atmosphere of the mosque is also a suitable area for study for our students.

A comprehensive sports complex for male and female students is also available at the campus. Each year competitive sports for both male and female students are organized at inter-departmental and inter-university levels in a variety indoor and outdoor sports like hockey, football, cricket, athletic, badminton, Volleyball, chess, snooker, etc. To encourage development of sports, scholarships are awarded to the outstanding players, and winners of the sporting events are awarded prizes, trophies and medals.
The University of Lahore (UOL) becomes the first university in Pakistan's Education Sector, public or private, to establish a redundant certified Tier-III Data Center, adding innovation and technology to its already well-established educational infrastructure. UOL takes pride in being at the forefront of innovation as a University and to enable the use of technological advancements from across the world. This Data Centre is a step in the same direction, will be hosting not only Virtual Desktop Infrastructure for labs of 11 diverse Faculties and 40 Departments, Private Cloud for UOL’s over 35,000 students & 4,000 faculty members, and SAP-ERP including Student Life Cycle & Campus Management facilities. UOL also aspires to offer its services to various other academic institutions and commercial organization in near future through this Data Center.

The University boasts of excellent IT facilities with dedicated labs on premises. 72 Mbps internet is available to students in labs as well as the new wireless service on the Defence Road Campus. All students will get the following services:

- A dedicated computer login
- Student information login (SIS)
- University Email - ID

SAP-ERP (ENTERPRISE RESOURCE PLANNING)

SAP-ERP (Enterprise Resource Planning) at UOL is a business process management that allows the organization to use an integrated system to manage the business and automate many back-office functions related to technology, services and applications of human resources. The latest version (SAP ERP 6.0) was made available in 2006, which has been deployed in University of Lahore with Enhancement Package (EHP7).

Having the SAP infrastructure in place has sped up any in-house development efforts because the SAP development tools are fairly easy to learn and there is a lot you can do to customize the system and build on extra functionality. Being able to do this has enhanced our return on investment in the SAP product. It has also simplified the technical support basis and account management for all these functions in one place. Our SAP system is extremely robust and we've had virtually no downtime during service hours since we implemented it.
CAMPUS LIFE

HOSTELS & ACCOMMODATION
The University of Lahore provides hostel facilities to both male and female students. The Defence Road campus of the University features a facility of three hostels for females for over 1600 students in it.
- Razia Hall
- Fatima Hall
- Shahida Hall
The students are provided with accommodation, mess and high speed internet. The hostels have a gym and a swimming pool, where students benefit from expert fitness advice and take training classes.

TRANSPORT SERVICE
The University of Lahore (UOL) has its own large fleet of buses, mini buses and vans that provide pick and drop facility to its various campuses and around the city. The University also provides shuttle bus services to its staff & faculty members from one campus to another. A detailed transport plan along with specified routes can be obtained from the transport office of UOL. Transport facilities are also available to adjacent cities of Lahore.

CATERING & CAFETERIA
The University houses dedicated student centers and four floors of self-service cafeteria serving delicious continental cuisine snacks through kiosks at Defence Road Campus. Events management, guest house dining and hostel dining is also provided by the food and lodging department.

MEDICAL AND DENTAL HEALTH
The University of Lahore has invested in extensive health and dental facilities. This includes a 300 bed teaching hospital located at Defence Road Campus and a dental hospital located at Raiwind Road Campus. The University has a Teaching Hospital, Dental Hospital and a Physical Therapy and Radiology Diagnostic Centre situated at the Raiwind Road Campus with state of the art equipment and experts for facilitating the faculty and students.

SPORTS FACILITIES
We firmly believe that a healthy body is a key to a healthy mind. In this regard, the UOL has invested in purpose built sports and recreational facilities which include spaces for table tennis, swimming, cricket and football. A FIFA grade football field and track is also being developed along with separate gymnasiums for both male & female students. Sports at the University are managed by a dedicated department of sports.

CLUB UOL (Gym & Swimming Pool)
The University has an on campus gym, where you will be able to benefit from expert fitness advice & training classes at a much discounted rate only for students and faculty members at the University.
The international office is designed and dedicated to look after the international relations and accreditation of the university worldwide. We look forward to providing maximum help to our international students including their accommodation, visa & residential permit process and follow up till they graduate.

The University of Lahore is host to students from Palestine, Sudan, Yemen, Turkey, Syria, Somalia, Afghanistan, Nepal, Oman, Kingdom of Saudi Arabia, South Korea, Jordan, UAE, India, Uganda amongst others. The University of Lahore has a dedicated International Students Cell which manages the applications for study vacancies of the International students, processes their admission, HEC NOC, Visa processing as well as settling the International students into the cultural diversity of the University of Lahore. The University of Lahore believes in organizing healthy cultural activities for local as well as International Students.

For international students applying to The University of Lahore, an application needs to be submitted to:

INTERNATIONAL STUDENT OFFICE
international.students@osa.uol.edu.pk

MISSION
The University is proud to have over 15 nationalities currently studying in different departments.

INTERNATIONAL STUDENTS

ADMISSIONS

INTERNATIONAL STUDENT AT UCMD

“The student experience in UCMD is one that our students will carry with them throughout their lives. Students are encouraged to experience the full spectrum of social and cultural aspects of college life in addition to their studies. During their time in Pakistan, students can complement a rigorous academic schedule with other aspects of college life to ensure a healthy work-life balance and build lifelong friendships with the vibrant mix of international students they will meet during their time in Pakistan.”

We have a wealth of student societies with a range of offerings to suit all tastes. Whether you are interested in the arts, outdoor pursuits, volunteering or medical societies, there is something for everyone. We have a network of sports clubs, as well as sports grounds and fitness facilities.”

Dr. Mahwish Uzair
Vice Principal UCM

INTERNATIONAL CULTURAL DAY
Every year The University of Lahore organizes International Student’s Cultural Day for the students of different nationalities. Youngsters belonging to various countries and nationalities represent their culture and traditions at this event. Stalls at the event are also of great attraction to the guests and people.

“WeCMD provides a world class medical education, attracting students from across the globe. In this diverse and exciting international community we can thrive both within the classroom and beyond.”

Natasha Afzal
USA
MBBS (Final Year)

VISION
To be a prestigious and internationally recognized institution in order to produce competent health care professionals who would cater to the challenges of tomorrow

MISSION
Our purpose is to provide collaborative, evidence based and student centered learning environment in order to produce researchers, health care providers, life long learners and critical thinkers

VALUES
- Professionalism
- Honesty / Integrity
- Ethics
- Tolerance / Respect
University College of Medicine & Dentistry offers one of the most forward-looking educational environments in Medicine & Dentistry in the country. Since its founding UCMD has been committed to excellence in education, research, patient care and community service. The educational system of UCMD is at par with the international education standards.

UCMD prides itself as a place where facilities for students and patients are at their best students are being taught and patients are managed by highly qualified academicians and clinicians. Teaching facilities, laboratories, pre-clinical & clinical area, library and IT Centre have been designed in a way that students are milled to be at their best.

So far 12 batches of doctors and 13 batches of dentists have passed out and are working in various public and private institutions in and outside Pakistan. There is a shift of paradigm from conventional teaching to problem oriented learning in this College that has lead students to grow in excellence in patient management.

The College of Medicine & Dentistry has its own "University Teaching Hospital" at Defence Road Campus, University Dental Hospital at Raiwind Road Campus while Al-Khidmat Hospital & Nawaz Sharif Social Security Hospital Lahore are attached with the University for the training of students in various clinical specialties. We are honoured to that we have been accredited for various post-graduate programs recognized by PM&DC & CPSP.

UCMD IS YOUR PATHWAY TO A FULFILLING CAREER IN MEDICINE & DENTISTRY
STUDENT’S LIFE AT UCMD

UNDER GRADUATE PROGRAMS

- MBBS
- BDS
INTRODUCTION
University College of Medicine & Dentistry offers an excellent opportunity for a career in Medicine & Dentistry. The integrated curriculum is contemporary and innovative. The program has been designed for our graduates to meet the challenges of tomorrow in the practice of Medicine & Dentistry. The College aims to produce healthcare providers for next generation and finally to produce specialists with highest level of competence and professionalism, who can cater patients from diverse healthcare domains.

The faculty facilitates not only problem-based but also clinical and research-based studies to under-graduates using interactive sessions, seminars, PBLs, Journal Clubs Meetings and case discussions. Class tests, practical examinations and patient-centered examinations are conducted throughout the year for student training & preparation for final examination so that they can serve as a useful professional academician, clinician or researcher effectively & efficiently.

STRATEGIES ADOPTED WHICH SUGGEST STUDENT CENTERED APPROACH
• Problem Based Learning (PBL) introduced
• Development of posters
• E-Learning
• Early exposure of students to clinical side
• Representation of students in Curriculum Committee Meetings

SALIENT FEATURES
The only Medical Institution in Lahore where integrated curriculum has been introduced in line with WFME standards.
• Integrated curriculum both horizontally and vertically
• SPICES model is being followed
• Methodologies ie PBL, SDL, DSL have been introduced.
• There is early clinical exposure of students from first year.
• Workshops on communication skills, leadership skills, professionalism, researches are being introduced.
• Students guide will be provided to guide students about each module.
• Electives will be offered to students and they can choose the area of their interest and can excel in this.
• E-Learning is being introduced
• Students are provided opportunities to develop their presentation skills as well as develop posters.

TEACHING & LEARNING METHODOLOGIES

PROBLEM BASED LEARNING (PBL)

- It is a student centered approach.
- Students become self directed and lifelong learners.
- Students develop leadership qualities.
- Team work is promoted.
- Peer learning is promoted.
- Students learn at their own pace.

INTEGRATED SEMINAR AND POSTER PRESENTATION

Students make presentation on the theme selected. This improves their presentation skills as well as communication and leadership skills. Students develop posters on the themes allotted and present them in front of faculty.

What I have learnt at UCMD is to live life at the fullest since we only have one. To manage the med-stress with spending quality time laughing is what is living in the purest essence. Youth will never return!

Khair Ul Barayya
3rd year MBBS

It was my privilege to have worked with such a fascinating array of peers and steadfast teachers. I am proud that I got my professional education from UCMD.

Dr. Irfan Saleem
MBBS (Alumni)

Senior Registrar
General Surgery,
Akhtar Saeed Medical College Lahore
No doubt, “With every hardship comes ease.” I got people in UCMD who helped me gain my confidence back. People DO believe in you when you start believing in yourself. What is yours WILL be yours, no matter who you are, where you are and where you are. Be blind to what others say. The One who is Al-Hakeem, is Al-Wudood as well; He is watching everything, and what He wants from us is to have faith, determination and resilience, that’s all!

Medical studies sure are tough unless you have great mentors and teachers to guide you at every step. UCMD has given me confidence and motivated me to achieve extraordinary things in life. It’s been an amazing journey, and I wouldn’t exchange this experience with anything in this world.

Choosing to study at the University of Lahore, College of Dentistry was one of the best choices I have made in my life. It was a life changing experience. Studying here and what I am today is just because of UCD. Currently, I am studying Masters in public health with health economics at Gothenburg University, Sweden.

EARLY CLINICAL EXPOSURE
University College of Dentistry is focused on producing graduates that are competent health professionals. To achieve the said purpose vigorous efforts are made to bridge the gap between pre-clinical and clinical phases by providing early clinical exposure. Students are rotated through clinical specialties, batch-wise, starting from first year of study. These rotations help the students in observing doctor-patient relationships as well as basic clinical procedures. Students first practice basic clinical procedures on phantom heads before progressing onto real life patients. In addition, students also get to observe the real-life handling of ethical issues in clinical practice. Each rotation is evaluated with the help of relevant assessment tools e.g. OSPE/OSCE.

MENTORING PROGRAM

UCMD Students are like ‘OUR OWN SONS AND DAUGHTERS.’

FEATURES

• Trained Team of Mentors
• Mentors allocated to a group of students
• Dedicated (Protected) time allocated for Mentoring Sessions in the timetable.
• Process of obtaining Written Feedback from students regarding quality of Mentors and the utility/hurdles in mentoring sessions.
• Written Feedback from mentors and mentees
• Process of Feedback Review with appropriate reform in place.

I was so quiet when I first started here and now I have gained confidence and am less quiet. We have access to fantastic facilities all within walking distance in the campus. UCMD has provided us with highly qualified faculty, wonderful societies and clubs, skillful extra-curricular activities and amazing facilities. The university is great at integrating every student into university life.

Shohab Akram
final year MBBS

RESEARCH AT UCMD

Student research at UCMD has become an integral part of supporting scientific and professional activities of students and has become a tradition. UCMD has its own Research Society which hosts workshops, symposiums and talks on regular basis. The Research Society at UCMD provides students with various opportunities to present their work at both national and international level.

Interclass competition on Research Proposals

UCD representation in IADSR’s 5th Annual Conference at Gandhara University Peshawar

IFAS All Punjab Intercollegiate Poster Competition

Presented by: Obaid Bajwa [Final Year BDS]
Supervised by: Dr. Salman Ashraf (HOD Operative Dentistry)

04 hand-made posters and photographs by MBBS students of UCMD were presented at Allama Iqbal Medical College.
The Department broadly works on the following areas:

- Need analysis
- Faculty development
- Program Management and Initiation e.g. conducts Masters in medical education as well as certificate program in medical Education
- Supportive Supervision and Evaluation
- Design Research Proposals
- Structured teaching/learning programmes
- Quality Assurance of teaching/learning program
- Curriculum development

The program offers workshops on changing trends in Medical Education e.g.

- How Students Learn
- Writing Learning Outcomes
- Small Group Facilitation
- Collaborative & Peer Assisted Learning
- Interactive Lecturing: Using Active Learning Strategies
- Development of MCQs
- Assessment of Skills & Attitude
- Designing & Implementing the Curriculum
- Item Analysis
- Objective Structured Clinical Examination
- Developing PowerPoint Presentation
- Educational Research
- Simulation Based Medical Education

A Good Teacher is a blessing same as a Good Institution. I believe my Trio of Alma mater as UCMD for BDS, MPhil and DH are not only catered for my academic needs but provided such invaluable professional skills that elevated me to a towering position. Today working as an additional medical superintendent in DHQ Hospital Sheikhupura. I cordially feel grateful to my institute and parents for the right choice.

Dr. Ahmed Saeed
UCD (Alumni)

Dr. Syed Hasan Shoaib
Director Medical Education

Why UCMD?

Only medical institution in Lahore where integrated curriculum has been introduced which is in line with recommendations of World Federation of Medical Education (WFME).

SENIOR FACULTY OF UCM
ELIGIBILITY CRITERIA & RULES AND REGULATIONS

ELIGIBILITY CRITERIA FOR ADMISSION IN MBBS AND BDS

All admissions of MBBS & BDS are carried out in line with the prevailing rules & regulations of PM&DC.

The students applying against the local seats are required to fulfill the following conditions:

- Minimum sixty percent marks in higher secondary school certificate (HSSC) or F.Sc. (Pre-medical) or equivalent examination having minimum twelve years of education.
- Minimum 60% marks in aggregate in an examination of a course from a foreign university or examining body or foreign education system in at least three subjects i.e. compulsory subjects of Biology, Chemistry and Physics or Mathematics and such course must have been duly certified by IBCC as equivalent to HSSC, F.Sc. or Intermediate level of Pakistan.
- Foreign or dual nationality holders or overseas Pakistani students are required to fulfill the following conditions:
  - Minimum 60% marks in aggregate in an examination of a course from a foreign university or examining body or its education system in at least three subjects including compulsory subjects of Biology, Chemistry and either Physics or Mathematics or a foreign MCAT with minimum score of 500.
  - Minimum 60% marks in aggregate in an examination of a course from a foreign university or examining body or foreign education system in at least three compulsory subjects of Biology. Chemistry and either Physics or Mathematics and such course must have been duly certified by IBCC as equivalent to HSSC, F.Sc. or intermediate level of Pakistan.
- Candidates having foreign or dual nationality or overseas Pakistani students qualified from abroad may also apply if they have passed a foreign SAT II examination with minimum 550 marks in each of the three subjects including compulsory subjects of Biology, Chemistry and either Physics or Mathematics or a foreign MCAT with minimum score of 500.
- English Language proficiency test e.g. valid TOEFL or IELTS with a minimum score of 500 or 5.5 or a certification by National University of Modern Languages (NUML) after one year English Language Course.

<th>Seats</th>
</tr>
</thead>
<tbody>
<tr>
<td>MBBS</td>
<td>150</td>
</tr>
<tr>
<td>BDS</td>
<td>75</td>
</tr>
</tbody>
</table>

Note: Entry test is valid for one year of the same session. SAT II and MCAT from abroad can be utilized within two years of passing these examinations.

SELF-FINANCE SEATS AND FOREIGN QUOTA SEATS

- As per PM&DC notification upto 10% of total annual seats allocated by the Council can be used for foreign seats and self-finance basis on merit however no candidate shall be eligible for foreign quota seats in medical and dental institutions under above regulations unless he/she holds a permanent foreign nationality or dual nationality or overseas Pakistani students and who has physically studied and passed HSSC passing 12th grade examination or equivalent from outside Pakistan during his stay abroad and having a certificate from the institution last attended to this effect.

DOCUMENTS REQUIRED WITH APPLICATION

Candidates seeking admission in MBBS or BDS must submit 3 attested copies of each of the following documents along with prescribed application form:

- Matric or equivalent certificate
- F.Sc (Pre-medical) or equivalent certificate
- Entry Test Result Card
- CNIC / Form B
- Three Recent Passport size coloured photographs
- Equivalence certificate from IBCC (if applicable)
- Proof of Nationality (if applicable)
- Hafiz-e-Quran Certificate (if applicable) from appropriate body
- In case of application on foreign seat, if the medium of instruction in previous 2 years was not English then Valid TOEFL or IELTS score of 500 or 5.5 respectively or a certificate from NUML, Islamabad needs to be attached (Not applicable to others)
- Undertaking, to abide by university rules & regulations (to be submitted at the time of admission)

SELECTION

- The merit list of candidates will be finalized as per PM&DC rules & regulations by the Institutional Admission Committee.
- In case final merit of more than one candidate is equal up to three decimals, the candidate older in age shall stand higher in merit.
- The merit list will be displayed at University website and notice board as per decided timeline.
- Hafiz-e-Quran certified as such by the appropriate body or, as the case may be, authority shall be entitled to addition of twenty marks to his marks obtained in HSSC / F.Sc.
- If any candidate fails to deposit prescribed fee in the stipulated period of deposit his / her admission will stand cancelled and admission will be granted to next candidate on merit.
- The admission of candidates shall stand cancelled automatically in case of failure to join the course or deposit fee within seven days of display of merit list on website or notice board shall have no vested right of admission thereafter. The vacant seats occurring on account of not joining the course or failure to pay prescribed fee within stipulated period by selected candidates in first or second merit list shall be filled subsequently by displaying next merit lists, as the case may be, strictly in accordance with merit.
FEE POLICY
• The fee will be charged on annual basis, subject to eligibility for that session.
• There is no extra tuition fee for supplementary examination. The students repeating the year on account of being debarred from University examination shall be charged full yearly tuition fee. The detained students shall be charged tuition fee in proportion to number of failed subjects of that professional examination as prescribed by PM&DC.
• All students must pay fee by the stipulated date fixed by the college.
• Re-admission will be allowed on payment of re-admission fee of Rs. 50,000/- in addition to the college fee and other dues. A student’s name will not be entered in the attendance registers unless he/she has paid the fee. Fine of Rs. 500/- per day will be levied on late payments.
• University reserves the right to change the fee structure or admission policy at any time in accordance with PM&DC rules.

REFUND OF FEE
• If a student has deposited fee and joins or not joins classes but, within fifteen working days on the commencement of classes, informs in writing the medical and dental institution, admitting university and the Council that he wishes to leave the institution, his seat shall be deemed to have become vacant upon furnishing of this information and he shall be entitled to hundred percent refund of all his deposited fees and charges, except one-time admission fee and a student from waiting list shall be admitted against this vacant seat in accordance with merit.

CRITERIA TO SIT IN MBBS/BDS PROFESSIONAL EXAMINATION
Following criteria need to be fulfilled for sitting in the Professional Examination.
• Clearance of college dues
• 75% attendance is mandatory to sit for professional examinations.
• If the student fails to submit permanent IBCC equivalence in the first year then he/she will not be allowed to appear in the professional exam.

REGISTRATION & ENROLLMENT
• Each successful applicant will be issued “Admission Letter” by the concerned department.
• After completing admission formalities and having paid the dues the applicants will be registered as bonafide students of UCMD.
• The applicants will be allocated the University Registration Number and will be issued the University Registration Card by the Registrar Office. This will allow the students to get enrolled in different courses offered by the concerned departments.

UNIVERSITY RULES & REGULATIONS
• No student will be considered to have been admitted to the college unless he/she has paid the college fees and other dues in full.
• If any admitted student has been continuously absent since beginning of the first term of the college session for a period of four weeks without any genuine reason, his/her admission will be cancelled and the seat may be offered to the next candidate on merit by the Admission Committee.
• If a seat falls vacant, the next candidate on merit in that category will be selected.

SECOND ANNUAL EXAMINATION
Supplementary examination will be held 40 days after declaration of the result of annual examination. If a student fails to clear the examination in supplementary he/she will have to repeat the entire year and re-sit the next annual examination in that particular subject.

REGISTRATION/EXPULSION
Any student who fails to clear first or second professional examination in four consecutive chances availed or un-availed will be expelled from the college as per PMDC rules.

RULES FOR MIGRATION/TRANSFER
Migration rules of PM&DC will be followed. Any student having a valid, “No Objection Certificate” (NOC) for migration from PM&DC will be considered depending on the availability of seat in the desired session. Important Note: These rules and regulations can be modified according to subsequent Gazetted Notifications by PM&DC.
POSTGRADUATE PROGRAMS

- MME
- ACHPE
- MDS
- FCPS
INTRODUCTION
Master of Science in Medical Education is a two-year program for health professionals. Those who require deep understanding of educational theory, research and practice for assuming leadership roles in educational development and administration of medical institutions should do Master of Science in Medical Education. MME aims at producing high-quality health professions educationists capable of leading the rapidly changing educational scenario of Pakistani health professions educational systems. The program strives to equip medical colleges, nursing colleges and other health professions education institutes with high-quality educationists who can respond to the educational needs of these institutes.

The program focuses on a variety of educational issues such as curriculum development, teaching and learning, assessment methods, professionalism, quality of education, leadership and management of educational institutes in a constructivist environment to improve the educational skills of the candidates and make them educational leaders and agents of positive change.

It is a modular system program that consists of face-to-face teaching and learning component, and tutor marked assignments. It is a minimum of 2-year degree program with 6 contact sessions, each of 9 days duration and online assignments through MOODLE. After completion of modules the student has to conduct educational research to qualify for Masters Degree.

CAREER PROSPECTS
After graduation the candidates can work full-time in health professions education departments of the educational institutes and lead and manage the educational system in the large number of educational institutes in the country. Candidates with educational qualifications get preferences and promotions. The successful graduates can start their careers as Assistant Professor in Medical Education after fulfilling the criteria laid down by PMDC.

Before starting the MME program, I thought I would spend the next two years honing my teaching skills. Little did I know that the next two years would actually equip me with the knowledge and skills required to overcome the dilemmas faced by medical/dental education. The program, through part-time work was both exhausting and exhilarating. The assignments, submission deadlines and exams kept us on our toes.

Kinza Aslam
BDS, MME

INTRODUCTION
Certificate in Health Professions Education program has been especially designed to introduce the basic concepts of teaching and learning to health professions education teachers in Pakistan. ACHPE program provides an opportunity to medical and allied faculty to learn basics of health professions education, that are required to make them effective teachers through introducing the basic concepts about teaching and learning, curriculum design and assessment. The program is intended for doctors, nurses and allied health professionals involved in teaching and learning in medical, dental, nursing and allied health institutes. The concept of the program revolves around Hardsen's twelve roles of medical teacher. The admission to this program is through an application process. The program spans over six months. It is divided into two independent modules.
WHY MME PROGRAM?

HIGHLIGHTS
• One of the best degree program in medical education in Pakistan
• Run and managed by the Department of Medical Education, The University of Lahore including both local & foreign faculty with years of experience in Medical Education.
• Recognized by PM&DC, HEC and internationally in many countries.
• Our graduates have secured jobs in Saudi Arabia and admissions in international programs in European countries.
• Qualified graduates to become Assistant Professor in Medical Education.
• Modular program with 9 days sessions and online assignments to allow you to do the degree while keeping full-time jobs.
• Comprises of Interactive Workshops, Small Group Tutorials, Presentations and Web Based Learning
• Integrated Program covering the issues of Educational Psychology, Curriculum Development, Teaching & Learning, Principles of Assessment, e-learning, Educational Research, Professionalism & Leadership.

RECOGNITION & ACCREDITATION
Recognized by both Local & Global Accreditation bodies. Among the local bodies the recognition is from:
• Pakistan Medical & Dental Council (PM&DC)
• Ministry of National Health Services & Regulations (MNHSR)
• Higher Education Commission (HEC)

JOIN US & BE A TEACHER OF TOMORROW!

The MME program of UOL has been a transforming experience for me. Not only has it polished my teaching and research skills, but it has also left an undeniably positive impact on my professional development. With a diverse and experienced faculty and engaging educational activities, there is no way a student to do anything else but succeed!

Dr. Noori Kiran Haris
MBBS, MME

MME has given me the opportunity to convert my knowledge and skills towards the advancement of HPE. This program helped me to learn the educational psychology to improve the teaching and learning methodologies of the medical students. It has also helped me achieve a deeper understanding to be a good lifelong learner.

Dr. Sumaira Nisar
MBBS, MME (Scholar)
MME RULES AND REGULATIONS

- In addition to final examination, the department also encourages students to take quizzes, projects, assignments, case studies, term papers and presentations in accordance with course requirements.
- Final module exam conducted at the beginning of next session will cover entire course content of previous module. It is mandatory for the students to appear in all of the final module exam as this would contribute to their overall result, if one fails or doesn’t appear in the exam, he/she will have to give that module exam when offered.
- Student’s results will be formulated by the teacher on the basis of attendance, quizzes, project, assignments, case studies, term papers and presentation, test and final examination and after fulfilling any other evaluation criteria required by the Department.
- The Department, on completion of final examination shall send under a covering letter signed by the Head of Department or by an official nominated by him, student’s consolidated results in each subject/course on a Marks Sheet to CE Office within three weeks of the final examination.
- If a student who wishes to have their module result reviewed are to be dealt with by the HOD according to the policy of the University.
- On completion of program, student (s) will be required to defend his/her thesis work.

CRITERIA TO APPEAR IN THE THESIS DEFENSE

- Clearance of College dues
- 80% attendance
- Successful submission and completion of the assignments.

- Computation & review of result should be completed by the Department within three weeks of the final examination. Controller Examination will compile and declare the overall semester result in Semester Grade Points Average (CGPA) and Cumulative Grade Points Average (CGPAA) on the following basis:

<table>
<thead>
<tr>

- On completion of program, student (s) will be required to defend his/her thesis work.

AWARD OF DEGREE

- A minimum CGPA of 2.5 without any ‘F’ grade for the total semester of a degree program shall be required for the award of degree. Each student shall also be required to:
  1. complete laid down duration, pass number of courses as well as prescribed by respective department.
  2. clear all dues.
  3. has no disciplinary action pending against him/her.
- It is the policy of the UOL that all students should complete their thesis work for the M.HPE program within the stipulated time from the date of registration.
- If a student on completion of his program has a CGPA of less than 2.5 he/she will only be provided with a transcript of incomplete program showing the grades he has obtained and the CGPA only. He will not be eligible to receive the degree of that Program.
- Each successful student at the completion of the program shall receive from the Controller Examination transcript signed by him.
- The degree may be issued to a successful student before the convocation on payment of prescribed fee.

FEES POLICY

- The Tuition Fee shall be charged annually on year to year basis only and at the beginning of each year.
- All students, must pay fee by the stipulated date or any other as may be fixed by the Dean/Advisory Finance for the purpose.
- If the fee is not paid by a specified date, defaulting student’s name will be struck off from the University. A student’s name will not be entered in the attendance registers unless he/she has paid the fee. Dues once paid by the students are not refundable at any stage.
- Fine of Rs. 500/- per day will be levied on late payments.
- The fee shall be paid on the dates as notified from time to time. A student who fails to clear the dues within the prescribed time after the notified date, University reserves the right to change the fee structure at any time.

ATTENDANCE REGULATIONS

- 80% attendance is mandatory for all students.
- No relaxation of attendance will be given to students.

WARNING

Whenever the CGPA of a student is less than as that prescribed above the Head of the Department will issue warning to him/her and place him/her on probation.

AVERD OF DEGREE

- A minimum CGPA of 2.5 without any ‘F’ grade for the total semester of a degree program shall be required for the award of degree. Each student shall also be required to:

**INTRODUCTION**

University College of Medicine & Dentistry is a private sector University which is offering MDS program in four Clinical disciplines of Dentistry. It is a full time 4 years structured program with an aim to produce clinicians, academicians and researchers. As part of their learning process, they are taught the Basic Sciences, research methodologies and comprehensive management of the routine and specialty patients. At the end of each year there is a comprehensive assessment based on the learning objectives of each year and it is mandatory to clear with percentage of sixty percent in order to continue the studies for the next year. In case of failure to achieve the minimum pre-requisites, there is no supplementary or remedial examination for each year professional examination. Seventy five percent attendances in all subjects theoretically/practically is an eligibility criteria to sit for the annual examinations. A log book duly signed by the supervisors for each year is required to be submitted upon completion of the relevant and specified number of clinical procedures. The research proposal is expected to be submitted before intermediate course assessment (taken after two years of study), and the topic of research duly approved by ethical committee. The original research in the form of thesis, assessed by board of local and international examiners is required to be submitted, six month prior to taking the final examination. Passing of entry test and a structured interview in addition to other requirements is mandatory to enter in any of the following programs:

- Oral & Maxillofacial Surgery
- Orthodontics
- Prosthodontics
- Operative Dentistry

### ROAD MAP

| YEAR I | **Basic Sciences & Fundamentals of General Dentistry, Comprehensive Management of Medically Compromised Dental Patients** |
| **Pasing of First Professional Examination** |
| YEAR II | **Clinical Competencies** |
| **Pasing of Second Professional Examination** |
| YEAR III | **Clinical Competencies in integrated Multidisciplinary Manner** |
| **Pasing of Third Professional Examination** |
| FINAL EXAM | **Clinical Cases as Designated in each discipline** |
| **Completed Log Book** |
| **Approved Thesis (To be submitted Six months prior to final examinations)** |
| **Final Comprehensive Assessment of the candidates will be conducted by Board of Examiners excluding the Supervisor** |
| **Pasing of Final Professional Examination** |

**FELLOWSHIP IN ORAL & MAXILLOFACIAL SURGERY & ORTHODONTICS (FCPS)**

| PROGRAM DURATION | Full time (4 Year) |
| ENTRY REQUIREMENTS | BDS with 1 year House Job in a recognized teaching institution Cleared/passed FCPS part I and Interview. Strict Compliance of CPSP guidelines |
| LOCATION | Road Campus, Lahore |
| RECOGNIZED BY | PM&DC, Ministry of Health Government of Pakistan, HEC, CPSP |

**INTRODUCTION**

University College of Medicine & Dentistry is not only imparting undergraduate training but is also conducting its own fellowship programs. The fellowship program is a full time 4-years structured training program which follows entire guidelines provided by College of Physicians and Surgeons Pakistan. The outstanding clinical education program, featuring patient-centered problem based learning gives it an edge over the programs conducted in the other institutes of the country. Each program is run by the senior faculty members who have carved the training parameters keeping in view the standards of quality followed at the international helm of education and have established a liaison with the renowned clinicians of the country to provide the utmost health care facilities to the patients through our own state of the art Dental Hospital and the affiliated teaching hospitals. University College of Medicine & Dentistry is recognized by the College of Physicians and Surgeons Pakistan (CPSP) for conducting Fellowship programs in the disciplines of Oral & Maxillofacial Surgery and Orthodontics. Our mission is to produce high quality specialists by inculcating professionalism in them through knowledge, psychomotor skill and attitude so that they can be an asset for the society with the aim that they bring pride and honor to the institute and the country not only at national but also at international levels.

**ROAD MAP**

| FCPS ENTRY | As per CPSP Rules |

| | Synopsis Approval |
| PART II | Eligibility after |
| | IMM clearance |
| | Completion of relevant rotations |
| | Signed logbook |
| | Dissertation |
| | Fulfillment of All pre-requisites of CPSP |
**MPhil Programs**

**Master of Philosophy in Biochemistry**

- **Program Duration**: 2 years
- **Timing**: Monday-Friday
- **Location**: Defence Road Campus, Lahore.
- **Recognized By**: Higher Education Commission & PMDC
- **Entry Requirements**: 16 years of Education, BS/MSc/MBBS/BDS/B-Pharm with Minimum 2nd division

**Master of Philosophy in Physiology**

- **Program Duration**: 2 years
- **Timing**: Monday-Friday
- **Location**: Defence Road Campus, Lahore.
- **Recognized By**: Higher Education Commission & PMDC
- **Entry Requirements**: 16 years of Education

**Master of Philosophy in Microbiology**

- **Program Duration**: 2 years
- **Timing**: Monday-Friday
- **Location**: Defence Road Campus, Lahore.
- **Recognized By**: Higher Education Commission & PMDC
- **Entry Requirements**: 16/17 years of Education, BS/MSc/MBBS/BDS/B-Pharm with Minimum 2nd division

**PhD Programs**

**Doctor of Philosophy in Biochemistry**

- **Program Duration**: 5-5 years
- **Timing**: Monday-Friday
- **Location**: Defence Road Campus, Lahore.
- **Recognized By**: Higher Education Commission & PMDC
- **Entry Requirements**: 18 years of Education, MPhil or Equivalent in relevant field with Minimum 3.00/4.00 CGPA in semester system or 1st Division in the annual system.

**Doctor of Philosophy in Physiology**

- **Program Duration**: 5-5 years
- **Timing**: Monday-Friday
- **Location**: Defence Road Campus, Lahore.
- **Recognized By**: Higher Education Commission & PMDC
- **Entry Requirements**: 18 years of Education, MPhil or Equivalent in relevant field with Minimum 3.00/4.00 CGPA in semester system or 1st Division in the annual system.

**Doctor of Philosophy in Microbiology**

- **Program Duration**: 5-5 years
- **Timing**: Monday-Friday
- **Location**: Defence Road Campus, Lahore.
- **Recognized By**: Higher Education Commission & PMDC
- **Entry Requirements**: 18 years of Education, MPhil or Equivalent in relevant field with Minimum 3.00/4.00 CGPA in semester system or 1st Division in the annual system.
MISSION STATEMENT

• Enable students to develop the cognitive, affective and psychomotor skills needed by an entry level radiologist as prescribed in the professional curriculum.
• Provide a liberal arts and sciences component which will broaden the student’s knowledge and understanding into areas beyond the Radiology Curriculum.
• Provide an opportunity for students to achieve a high degree of information literacy, including the ability to seek and use information resources for problem-solving, critical thinking and professional values, such as those outlined in the American Society of Radiologists.
• Practice set standards for Medical Imaging and Radiology.
• Demonstrate a high degree of student success within the curriculum, as evidenced by low attrition & high graduation rates.

INTRODUCTION

There are four major divisions in medical imaging (Radiological Sciences) Diagnostic Radiography, Ultrasound, Nuclear Medicine and Radiation Therapy. Medical Imaging relies heavily on computer controlled equipments with the image productions and processing emphasizing new techniques i.e. digital image processing, picture archiving & communication system (PACS) etc. In addition, the medical diagnostic ultrasound is believed to be a diagnostic tool which is replacing the stethoscope of a physician. Today, a physician cannot cope with rapid advancements in the computerized technologies unless he chooses the option of upgrading his knowledge including clinical as well as diagnostic advances. Medical Imaging (Radiological Sciences) especially Medical Diagnostic Ultrasound, CT and MRI curriculum’s should be aligned with new technology and national or regional requirements. Our goal at Radiology Research Section is to train our residents and clinical fellows to face all aspects and challenges of our constantly evolving specialty.

DIPLOMA IN MEDICAL RADIOLOGY & DIAGNOSTICS

Program Duration: 2 Years
Timing: Monday-Friday
Location: Defence Road Campus, Lahore.
Recognized By: Higher Education Commission, Pakistan Medical and Dental Council (PMDC)

Entry Requirements
MBBS (registered PMDC) with 1 Year house job in PMDC recognized Institution.

INTRODUCTION

This program of Diploma in Medical Radiology and Diagnostics is especially designed for those students who want to accelerate their careers in the field of Diagnostic Radiology.

CAREER PROSPECTS

This professional program is for the Physicians community to provide them the latest techniques in the field of Medical Diagnostic Ultrasound worldwide. After completing this program, they have all the basic knowledge required for a Radiologist and can start their career by competing for jobs or can go on for higher degrees such as MD Radiology.

INTRODUCTION

Institute of Postgraduate Medical Sciences offers one of the most forward-looking educational environments in Medicine & Dentistry in the country. Since its founding, IPMS has been committed to excellence in education, research, patient care and community service. The educational system of IPMS is at par with the international education standards.

IPMS prides itself as a place where facilities for students and patients are at their best, students are being taught and patients are managed by highly qualified academicians and clinicians. Teaching facilities, laboratories, pre-clinical & clinical area, library and IT Centre have been designed in a way that students are milled to be at their best. There is a shift of paradigm from conventional teaching to problem-oriented learning in this institution that has lead students to grow in excellence in patient management.

IPMS has its own “University Teaching Hospital” at Defence Road Campus, University Dental Hospital at Raiwind Road Campus while Al-Khidmat Hospital & Nawaz Sharif Social Security Hospital Lahore are attached with the University for the training of students in various clinical specialities. We have an honour that we have been accredited for various post-graduate programs recognized by PM&DC & CPSP.
One of the four teaching hospitals affiliated with the UCMD, the University of Lahore Teaching hospital is a state of the art modern hospital with 300 bed strength. Aesthetically designed, the unconventional ambience gives a sense of reassurance and satisfaction to the patients, visitors and staff. Backed by the most modern equipment, the highly qualified faculty and motivated staff provide a range of affordable diagnostic and treatment services of international standards to the patients from all walks of life with very high satisfaction rate. Modern auditorium, small group discussion rooms adjacent to the wards and lifelong learning resource centre equipped with modern audiovisual aids and facilities for video transmission of live surgery directly from operation theatres and two way audio communication provides an enriching experience and exciting approach to learning and student teacher interaction. Regular seminars, research and CME activities provide ample opportunities to the students & the medical staff to keep in touch with the latest developments in the medical field.

Being adjacent to the university campus and student residences, in case of need, immediate medical attention is available 24 hours a day throughout the year and offered at highly subsidized rates to current UOL students, parents of single students and eligible dependents of married students with 50% discount on most services.

'It was the experience of a lifetime' 'It is a joy to be part of this institution' are some of the regular feedbacks from current and former students, faculty and other employees of the hospital.

UNIVERSITY OF LAHORE
DENTAL HOSPITAL

The University of Lahore Dental Hospital provides comprehensive oral health services with a focus on specialized treatment needs. Services offered cover the diagnosis, prevention and treatment of all conditions affecting the mouth and associated structures, restoration and correction of dento-facial aesthetics and treatment of facial deformities and trauma as well as the repair of damaged oral tissues. All types of dental treatments are provided at subsidized rates. Our patient turnover ranges between 100-130 (new) patients per day, which is ample for student training.

The Dental Hospital is renowned for its specialist services, which include oral & maxillofacial diagnostics, radiology, preventive dentistry, paedodontics, periodontics, restorative dentistry, prosthetics, implantology, orthodontics, oral and maxillofacial surgery.

The hospital in collaboration with University Dental College maintains a strong commitment to Under Graduate and Post Graduate education through mentoring, scientific research and evidence based practices.
NAWAZ SHARIF SOCIAL SECURITY TEACHING HOSPITAL

Nawaz Sharif Social Security Teaching Hospital is a tertiary care teaching hospital affiliated with University College of Medicine & Dentistry, The University of Lahore for the training of Medical & Dental students. Recognized by the Pakistan Medical & Dental Council (PMDC) for teaching of students and training of house officers and by The College of Physicians & Surgeons Pakistan (CPSP) for FCPS training in Cardiology & Cardiac Surgery, it ensures excellent education and training with the availability of modern resources, highly knowledgeable competent faculty and helpful hospital administration and support staff.

Spread over an area of 98 kanals, the 600 bedded hospital has been renovated recently and has 10 modern operation theatres, ICU, CCU, Cardiac Surgery ICU, Neonatal Nursery and NICU. Regular appraisal, educational activities, audit of the services and implementation of the recommendations ensures consistently high levels of patient satisfaction by delivering patient care of the highest standards. Hospital provides a vibrant and friendly environment for learning and consistently scores highly on medical and Dental students’ satisfaction scale as well as that of House job trainees.

AL-KHIDMAT HOSPITAL, LAHORE

The Al-Khidmat Hospital, Multan Road is a 145 bedded Teaching Hospital with modern facilities for treatment of patients and teaching and training of medical and Dental students. It has fully equipped Emergency, ICU, Operation theatres, Labour room, Diagnostic Laboratory and Radiology department including Ultrasound, X-Ray, CT scan and Echocardiography. With very heavy flow of patients, there is enough opportunity to see and learn about various pathologies in almost all disciplines of Medicine, Surgery and Dentistry.
RISE BY
LIFTING OTHERS

GIVING BACK

UOL Relief works in a wide variety of sectors, however our main goal is to provide emergency relief to communities affected by natural disasters with the aim of helping them cope with the situation. This is then achieved by a careful planning of social and cultural approach to housing, medical care, and education among many ways. This approach has led us to not only be respected by the local communities, but also trusted by them enabling us to work longer with them for a sustainable growth and improvement in the lives of the people in question.

You can be that change by volunteering and becoming a part of UOL relief work.

relief.uol.edu.pk
MISSION STATEMENT

Child Rights Department UOL, promotes child rights education by multidisciplinary and multidimensional approach to learning. Through academia and research, it will provide a platform of raising awareness, evidence based practices, interventions and advocacy for the full realization of the rights of every child.

INTRODUCTION

The department will introduce both curricular and extracurricular programs at the University including, but not limited to; Academic Programs, Trainings and Certificates, Service Delivery Programs, Advocacy for Child Rights at National & International Levels, Raising Awareness among students and society and Research on the Subject. Being the first of its kind academic department in South Asia, the department aims to produce socially responsible individuals; by letting them know their duties and responsibilities towards children, as well as professionals by inculcating knowledge about child rights in their respective field of specialization and offering specialized degree programs in the field.

EVERY DROP COUNTS

A group of students from UCMD LC travelled to Thar to participate in planting a well for the underprivileged who were situated far from clean drinking water. The students also put up medical camps in the area to provide free medical care for those who hardly have any access to it. The project was headed by Project Coordinators, Yumna Asif and Syed Ali Haider Bukhari. The students also provided free medicines and food for the people.

SHOW YOU CARE, BE AWARE

Breast cancer kills 40,000 women every year in Pakistan and is by far the most common cancer in the women worldwide. In our developing country the incidence has been rising up steadily over the last few years. Currently the masses lack in having sufficient knowledge on the causes of breast cancer. Early detection, access to the medical facilities, and transmission from mother to the daughters who plays a vital role in its increased incidence. With early detection, adequate diagnosis and treatment availabilities, there is a good chance for breast cancer to be cured. If detected late however, curative treatment is often no longer an option. A breast cancer awareness campaign was conducted by IFMSA Pakistan UCMD LC on 19th January 2017, aimed to create awareness of self-examination for breast cancer in women in rural areas who have a very limited access to health care. The project was coordinated by Aisha Zafar, Adil Bhatti, Syed Ali Haider Bukhari and Yumna Asif. A group of students of UCMD went to a village in Okara for Phase 1 of the project. Not only did the girls on the team help the women but the male students also set up a medical camp for the male population of that region. It was truly an amazing exposure for students who not only got a chance to put their medical knowledge to use but also were able to serve a village of underprivileged people.
FUND RAISER FOR EDHI FOUNDATION
UCMD-LC held one of its kind event, a movie evening fund raiser for Edhi Foundation. Abdul Sattar Edhi Junior, grandson of our very own Abdul Sattar Edhi (late) was the chief guest of the event. Faculty members and students enthusiastically participated to carry on the good work of Edhi Foundation. A huge amount was raised for the needy people.

BLOOD DONATION CAMP 2018 IN COLLABORATION WITH SUNDUS FOUNDATION
Life is the most beautiful gift of God, and doctors are asked to be the saviors of life. They encounter health issues that are beyond society’s comprehension. To become a good and qualified doctor one goes through a tough period of life that is medical education, and medical college is a place where an environment is provided to the students so that they empower themselves with clinical knowledge and are taught about their responsibilities regarding the services they are going to offer to the society in future. A medical student upon admission in medical college takes the “Hippocratic Oath” and it is this point where his services for mankind start.

The students of University College of Medicine, UOL founded Blood Donation Society to help the campus facility keeping in mind that many of the students, faculty or their family members need blood in emergency but it is a very difficult task to arrange one, as the time passed our family grew bigger and bigger under the Patron-ship of Prof Dr Imran Jawad (Head of Forensic and Toxicology Department). Thalassemia is an inherited blood disorder whose patients need regular blood transfusion and no specialized facility is available for these poor patients at public level. After seeing many of the children suffering from this blood disorder UOL-BDS organized a blood donation camp in collaboration with Sundus Foundation on 24th April 2018. In this event Blood donation society President Muhammad Waheed Chani, Vice President Muhammad Asad, General secretary Zia ur Rehman, Campus Coordinators and a whole team put together a great effort and camp facility was setup at main campus, Lahore. Prof Dr Farukh Iqbal (Principal UCM) officiated the event. A huge number of 550 bags of blood were collected within a single day and blood grouping and lab tests for Malarial Parasite, HBV, HCV, Syphilis were also done to them and reports were handed over to the donors. This event turned out to be a great experience for every one of us and all of us learnt a lot.

The whole of the credit of this event goes to the society members, faculty members, university higher authorities and to all the donors without whom this could have never been possible. UOL-BDS holds their help in high regards and hopes to do more for these needy people in future.
• Students Conduct and Discipline Rules
• Accommodation Rules and Policies
• Transport Rules and Policies
STUDENTS' CONDUCT AND DISCIPLINE RULES

Students are expected to demonstrate ethical and moral values upheld by the University. For this purpose, the students are required to be acquainted with the University discipline rules as given in the University Ordinance No LXI of 2002. These rules were revised and amended in March 2009, by the Rector and to the Registrar Office. The University Discipline Committee shall constilute a Departmental Disciplinary Committee to handle discipline cases and give decision according to the UOL Discipline Policy.

1.0 DEFINITION
In these Rules, unless the contest otherwise requires, the following expressions shall have the meaning hereby respectively assigned to them:

1.0.1 Student
A student who is currently enrolled at the University to study in a particular discipline.

1.0.2 University
The University of Lucknow.

1.0.3 Disciplinary Committee
The committee constituted by the Board of Governor for the purpose of maintaining discipline in the University.

1.0.4 Departmental Discipline Committee
The Departmental Discipline Committee appointed by the Board of Governor for the purpose of maintaining discipline in Department and among the students.

1.0.5 Appellate Authority
The University Discipline Committee.

2.0 GENERAL GUIDELINE ON MISCONDUCT
For the purposes of this policy, the following guidelines may be followed:

2.1 STUDENT DISCIPLINE
The University has a disciplinary system, the purpose of which is to streamline the conduct of the students of the University. These rules are revised of 2006 of University of Lucknow Discipline Rules and the amendments made herewith, with effect from February 18, 2009, approved by the Rector and Chairman BoG. These Rules will come into force with effect from February 18, 2009.

STUDENT DISCIPLINE RULES (REvised FEBRUARY 2009)
The Discipline Rules have been formulated under the University Ordinance No LXI of 2002. The purpose of these rules is to streamline the conduct of the students of the University. These rules are a revision of 2006 of University of Lucknow Discipline Rules and the amendments made herewith, with effect from February 18, 2009, approved by the Rector and Chairman BoG. These Rules will come into force with effect from February 18, 2009.

EVERY STUDENT
a. shall be faithful to his/her religious duties and respect the convictions of others in matters of religion and customs.
b. shall be faithful and honest in his/her dealings with all people. c. shall be loyal to his/her country and refrain from doing anything which might damage his/her honor and prestige.
d. shall respect the elders and be polite to all.
e. shall not misuse or abuse authority.
f. shall keep himself/herself clean in body and mind standing for clean speech and clean habits.
g. shall help the physically or mentally disabled especially those in distress.
h. shall devote himself/herself faithfully to his/her studies.
i. shall protect the property of the University.

2.3 DEPARTMENT DISCIPLINE COMMITTEE
To expedite discipline cases, the Rector has authorized the departments to constitute a Departmental Disciplinary Committee for the purpose of efficient processing of the disciplinary cases. The HOD and Director of Department or Dean of the Faculty shall constitute a Departmental Disciplinary Committee to handle discipline cases and give decision according to the UOL Discipline Policy.

3.0 PROCEDURE
For the purposes of this policy, the following guidelines may be followed:

a. The HOD/Dean shall designate their staff / faculty members to conduct an initial inquiry to the students whether any students committed the violation of the rules and regulations or not. The students shall also be asked to submit a written reply in response to the complaint. Applications of witnesses shall also be collected and maintained record.

b. The departmental committee shall schedule a meeting and ask both parties to the disciplinary hearing, and shall record their attendance as well as minutes of the meeting.

c. The department shall make effort to review the applications and statements of the witnesses, and give their decision on the day of the hearing. A copy of the decision shall be sent to the Chairman UOL Discipline Committee, Rector and to the Registrar's Office.

d. A student who is under investigation by the department discipline committee shall be prohibited from attending classes, till the time a decision has been taken by the committee.

e. A student who is punished by the discipline committee shall not be allowed to attend the university. In case of noncompliance, the student ceases to be a student of the University or campuses of the university.

f. A student who is suspended from the university remains a student but is not allowed to pursue a course of study in the university during the period of suspension.

4.0 GENERAL GUIDELINE ON MISCONDUCT
An act of misconduct by a student is an offense and falls under the following discipline rules/policy. Guideline on this misconduct is displayed for information.

4.1 If a student commits an act of general misconduct within the university premises:

• Suspend student violator for fifteen days from attending classes, and utilizing university facilities, memberships and scholarship etc.

• Impose a fine of up to Rs. 3000/- on student violating student code of conduct.

11.2 The chief proctor, Standing proctor committee and proctors besides performing the above functions, duties and responsibilities shall also be required to undertake the following:

• Take regular rounds of campus in groups for maintaining peace and atmosphere

• May wear prescribed dress gown and proctor badge

• Give power point presentation in classes on student discipline rules and regulations, students code of conduct including penalties for violations.

• They will not be required to appear before the discipline committee as witnesses etc.

Note: There will be a chief proctor along with proctors at each campus.

UNIVERSITY GIRLS HOSTEL

OBJECTIVES

• Ensuring that hostelers are operated and managed by the University on professional grounds.

• Only eligible occupants will be allotted rooms and remarkable discipline will be maintained.

• Fee and billing is executed on auto basis and there should be zero outstanding hostel dues.

• All process of hostel be system based.

• Proper reporting mechanism is in place and management is informed of progress/results of all hostels on daily basis.

RULES AND REGULATIONS

1. Only enrolled students studying at UOL and faculty members will be eligible to apply for hostel rooms.

2. Upon admission in the university and on willingness to take a hostel room, student will fill out the requisite application form for room reservation.

3. De-allocation application should be submitted on month prior notice.

4. Room rent will be charged to the occupant regardless of the date e.g if the student is interested in getting admission in the last date of month; she has to pay the dues for the entire month.

5. All the occupants of hostel rooms will be bound to follow the code of conduct and hostess rules and regulations in place from time to time. Any material breach thereof will render the boarder of disciplinary action.

6. All senior students, foreigners and faculty members will avail the bi-seater facility and junior's will be adjusted in four-seater, six-seater and eight-seater facility.

7. Warden series is an exceptional case and these students will be entertained on first come first serve basis.

8. Mess is mandatory in all situations for all students.

9. Prior to allocation of the room, it will be ensured that the student has paid due tuition fee to the university and evidence of such payment is sourced and attached to the application form.

10. Hostel management will take a decision of application in terms of acceptance or refusal within the same day of the receipt of application and whatsoever will be the decision, applicant will be informed accordingly.

11. On acceptance of application, room allocation will be made to the applicant/student and relevant dues such as registration fee and room rent will be charged on auto basis by the system and same will be required to be deposited by due date notified on relevant document.

12. No allocation of room will be processed unless all the desired information is provided by the applicant in full including family, guardian and visitor's information, their CNIC numbers, contact details and numbers and emergency contact.

13. Billing of room charges will be made monthly in advance and all boarders will be billed by 10th of the relevant month. Dues are to be deposited by due date mentioned on bill. Failure to pay within the due date will be charged late payment @ Rs. 50 per day or as applied by the management from time to time and placed on hostel notice board. Non payment by due date will change the status of the boarder to defaulter and hostel management will have the right to place such status of the boarder on notice board.

14. Non payment of dues by 25th of the month will render the boarder ineligible to enter the hostel premises and status of the boarder will change to suspended. Further the guardian of the student notified at the time of admission will be informed of non payment of dues by the boarder. Charge of status from suspension to boarder will be made on payment of default sub charge in addition to the fine that will be applied and levied by the management as deemed appropriate and student will not be allowed to take their classes.

15. All hostel occupants will be liable to pay damages caused to them by the property of University hostel.

16. On breach of any hostel accommodation and after offering an opportunity of hearing, name of boarder may be struck off, fine will be charged, hostel room will be de-allocated and guardian will be notified in writing.

17. On subsequent realization of hostel room, a reactivation fee will have to be charged.

18. Any change in the capacity of hostel and addition in lodging facility will have to be created in the system prior to allocation of beds. No allocation will be possible in the system unless such bed number/room exists and in case of non-existence its information first be created in the setup.

19. Hostels fee bill to be collected by the student.

20. Student admit card to be issued on allocation and such card will be the property of UOL which the student will have to deposit back on vacation of premises.

21. Student avail air conditioning facility will be charged with applicable rate of electricity with the unit consumed as notified by the finance office on monthly basis. AC facility will be active for five months i.e. from May to Sep every year and rent for bi-seater will be 2000 each student, for tri-seater it will be 1500 each student and other different capacity. All students will pay 100 per month, and bill will be charged on prevailing rates divided by number of students.

22. Student's outstanding dues will be monitored by accounts office and fee recovery section. Hostel management will help them when required.

23. Accounts will prepare the legal notices for the fee and recovery and warning letters will be issued to the occupants, if they fail to pay the dues, hostel management reserve the rights to de-allocate the student from the hostel.

24. Student will be responsible to take care of their valuables/belongings. In case of theft, management will not be responsible.

25. On breach of rules and regulations fine will be charged to the students, only first fine will be provided as and when required.

26. Student's parents and sisters will not be allowed to meet the student after visiting hours.

27. A student, once de-allocated from the hostels, cannot re-allocate within the time period of 6 months.

28. Any violation of rules and regulations will result in strict disciplinary action.

29. Students are to sign in and sign out at their entry, exit or any other movement from the hostels. Failure to do so, will result in disciplinary action.

STUDENTS’ ENTRY AND EXIT PASSES

• To ensure safety and security of the students, OSA has designed an entry and exit pass which has three copies, a copy which remains in the warden's office, a copy which the students leave at the security office and a copy which she hands into security office upon return to the University at stated time.

• The pass contains a student's name, registration number, hostel's name, the student's contact number and CNIC number.

• Out pass slips are issued to students who may find it difficult to report at the standard time (7.00pm). The out pass can only be issued with the consent of the parents. If the student fails to return by the time indicated on the out pass slip, she and the family are immediately contacted to locate the student. The student is also charged a fine of Rs 400/.
1. For new allocation student will submit duly signed transport application form, transport charging will start from month of allocation.

2. For renewal cases user will submit duly signed application form for the new term. Charging will be for whole term.

3. Transport application form will be signed and voucher will be issued from the system. User will deposit transport dues in the bank.

4. Any user who once joins transport cannot leave transport facility during the semester.

5. De-allocation will be allowed in the following cases:
   - Degree is completed during term
   - Shifting to UOL hostels

6. Transport dues will be recovered for the whole semester. However monthly installments can also be allowed.

7. If a user shifts from one route to another, route will be changed in transport management system on request and charges would be charged accordingly and if user shifts near to the university or transport service is not available in his/her part then de-allocation will be allowed if approved by director development and planning.

8. One way use of transport will not be allowed.

9. A user can apply for de-allocation within fifteen days from the date of allocation if not paid.

10. Transport monthly dues will be payable before 10th of every month. A fine of Rs.20 will be charged per day from 10th onwards.

11. In case of renewal during the semester, student will pay transportation charges only of preceding months and no fine will be charged on it.

12. If a student is found using university transport without renewal of allocation. His/her allocation will be forcibly done by the transport department on approval by the head of department. In this case fine for the preceding months will also be charged along with transportation charges.

13. At the end of each term fine will be locked.

14. In case of vacations by department on the basis of official notification student is not going to pay fine for the vacations but the vacation period is not more than one month and only once in calendar year.

15. Students are not going to pay transport charges if the vacation time period is not less than 25 days. If the vacations start prior to 10th of any particular month, waiver could be provided in that particular month and if the vacations start after 10th of any particular month, waiver would be adjusted in next month accordingly.

16. In case of long leave of staff, transport charges and fine will not be charged if one of the following criteria:
   - Leave period is 30 days (1 month) or more than 30 days notified by registrar.
   - Waiver of actual charges is only given for multiple of 30 days.

17. In case of freezing semester transport charges will be waived off from the day semester is frozen. System should block account with remarks and reverse entry should be made.

18. A term based generated list of receivables/defaulters will be provided to Accounts Department including transport.

19. At the end of every semester clearance will be given by Accounts Department including transport.

20. It is must for every student to carry transport card while travelling and cards will be printed through system. It is responsibility of the Transport Department to check students transport cards.

21. In case of card lost, transport card will be re-issued only once on request and an amount of Rs 1000 will be charged.

22. If a student will be found misusing his/her transport card i.e. using old or re prepared card for another person, charges for the full term with fine will be collected.

23. Transport charges will be charged same from student/ faculty and staff members. Concession in transport dues of fine waiver will be granted by written approval of chairman BOG/ director financial/ pro-rector academics.

24. Transport dues are variable due to fluctuation of fuel rates in the market and this will be changed by the order of higher management authority and also will be notified at the start of each semester.

25. There is no refund policy for dues paid. Transport dues once paid and deposited will not be refunded.

Semesters are as under:
- Fall (September - January)
- Spring (February - August)
- Summer (July - August)
